

Arklow Marina Limited.

WASTE MANAGEMENT PLAN

2018

This plan is available for the stakeholders and public to view in the marina office.

Overview of Harbour / Port

Situation: located on the North bank of the Avoca River opposite the Fish Dock / Harbour Offices

Vessels (size): Recreational craft – sail and motor to 15m LOA

Bunkers: not provided

Water availability: town supply available from various taps located on the pontoons

Importance of Proper Delivery of Ship-Generated Waste and Cargo Residues

The ultimate purpose of proper delivery of ship-generated waste and cargo residues is to drastically reduce the discharge of waste into the sea from ships using ports, thereby contributing to the protection of the marine environment and to improve the availability and use of shore reception facilities for ships waste in ports.

Assessment of the Need for Port Reception Facilities

From analysis of the marine traffic in the area and in consultation with harbour users, Arklow Marina Limited has identified a requirement for the following types of waste reception facilities located adjacent to the main gangway beside the Toilet / shower facilities:

- Waste oil – we do not allow any handling of waste oil or products contaminated with oil
- Batteries – we do not allow any handling of batteries at our facility
- Galley Waste
- Garbage

Batteries, waste oil, oily rags and filters etc, upon receipt of permission from Arklow Harbour Master, may be disposed at the facilities provided at the Fish dock

Type and Capacity of Port Reception Facilities including Methods of Recording Use of Facilities

Type [Skip, oil drum etc]	Capacity [litres, m ³ etc]	Collection Schedule [Monthly / weekly etc]	Method of Recording Use by Users [Swipe-card, log-book etc]	Location of individual skip / wheelie-bin etc.
Wheelie bin	2 x 600ltr	Weekly	On invoice	Beside toilet / showers

Type and Quantities of Ship-Generated Waste and Cargo Residues Received and Handled

Galley waste and associated packaging

Food Waste

Arklow Waste Disposal Limited records the waste collected. This waste is deposited in a landfill site where a record of delivery is generated.

Waste Oil, Sludge, Bilge Water, Oily Rags, Filters and Batteries

It is prohibited to dispose of the above waste at our facilities.

Garbage Waste

Arklow Waste Disposal Limited records the garbage collected and issues a monthly invoice to the harbour management.

Procedures for the reception and collection of ship-generated waste and cargo residues including methods of recording amounts of ship-generated waste and cargo residues received

As vessels using our facilities do not carry more than 12 passengers notification is not necessary

Garbage / Galley Waste: please put the rubbish into bags and place in bins provided adjacent to the Toilet / Shower facilities

Sewage Waste: is not pumpable at this facility, a contractor can be arranged upon request for your account

Dirty Oils and Sludge: disposal, including filters and rags, is not acceptable at this facility

Procedure to be followed during out-of-office hours

In the event that a user requires waste to be disposed of outside normal office hours, the following person(s) should be contacted; Brian Dempsey 087 2375189 Niall O'Toole 087 2588078 but telephones are switched off at 2200

Charging system

For use of the bins provided the charges are incorporated into the Marina Fee. The Marina fee is calculated on the length of the boat and a percentage of that fee covers the cost of the waste.

Arklow Harbour may charge a fee for the use of their facilities, information available from the Harbour Office.

Procedures for reporting alleged inadequacies of port reception facilities

Format for reporting alleged inadequacies in port reception facilities

The Master of a ship having encountered difficulties in discharging waste to reception facilities should forward the information (on relevant form), together with any supporting documentation, to the administration of the ship's flag state and, if possible, to the competent authorities in the port state. See attached appendix 2.

Procedures for ongoing consultations with interested parties

Regular contact maintained between operators and customers

Pre-treatment Equipment and Processes (if any)

There are no pre-treatment equipment or processes at the Marina

Identification of Person(s) Responsible for Implementation of Waste Management Plan

The Harbour Master is responsible for the implementation of the Waste Management plan. He may be contacted on 087 2375189 or 087 2588078 between 0900 and 1700 Monday to Friday

Relevant Legislation

The Harbour operates under the following legislation:

LEGISLATION LIST

[This list is not intended to be exhaustive – it is for reference purposes only.]

- EU Directive 2000/59/EC on port reception facilities for ship generated wastes and cargo residues
- S.I. No. 117 of 2003: European Communities (Port Reception Facilities for Ship-Generated Waste and Cargo Residues) Regulations 2003
- Directive 2002/84/EC amending the Directives on maritime safety and the prevention of pollution from ships
- S.I. No. 659 of 2003: European Communities (Port Reception Facilities for Ship-Generated Waste and Cargo Residues) (Amendment) Regulations 2003
- Commission Directive 2007/71/EC of 13 December 2007 amending Annex II of Directive 2000/59/EC of the European Parliament and the Council on port reception facilities for ship-generated waste and cargo residues
- S.I. No. 376 of 2009: European Communities (Port Reception Facilities for Ship-Generated Waste and Cargo Residues) (Amendment) Regulations 2009
- Commission Directive (EU) 2015/2087 amending Annex II to Directive 2000/59/EC on port reception facilities for ship-generated waste and cargo residues
- S.I. No. 550 of 2016: European Communities (Port Reception Facilities for Ship-Generated Waste and Cargo Residues) (Amendment) Regulations 2016
- Directive 2005/35/EC on ship-source pollution and on the introduction of penalties for infringements
- Directive 2009/123/EC amending Directive 2005/35/EC on ship-source pollution and on the introduction of penalties for infringements
- S.I. No. 542 of 2010: European Communities (Ship-Source Pollution) Regulations 2010
- Directive 2002/59/EC establishing a Community vessel traffic monitoring and information system and repealing Council Directive 93/75/EEC
- Directive 2009/17/EC amending Directive 2002/59/EC establishing a Community vessel traffic monitoring and information system
- S.I. No. 573 of 2010: European Communities (Vessel Traffic Monitoring and Information System) Regulations 2010
- Commission Directive 2011/15/EU amending Directive 2002/59/EC of the European Parliament and of the Council establishing a Community vessel traffic monitoring and information system

Appendix 2

FORMAT FOR REPORTING ALLEGED INADEQUACIES OF PORT RECEPTION FACILITIES¹

The master of a ship having encountered difficulties in discharging waste to reception facilities should forward the information below, together with any supporting documentation, to the Administration of the flag State and, if possible, to the competent Authorities in the port State. The flag State shall notify IMO and the port State of the occurrence. The port State should consider the report and respond appropriately informing IMO and the reporting flag State of the outcome of its investigation.

1 SHIP'S PARTICULARS

- 1.1 Name of ship: _____
- 1.2 Owner or operator: _____
- 1.3 Distinctive number or letters: _____
- 1.4 IMO Number²: _____
- 1.5 Gross tonnage: _____
- 1.6 Port of registry: _____
- 1.7 Flag State³: _____
- 1.8 Type of ship:
- Oil tanker Chemical tanker Bulk carrier
- Other cargo ship Passenger ship Other (specify) _____

2 PORT PARTICULARS

- 2.1 Country: _____
- 2.2 Name of port or area: _____
- 2.3 Location/terminal name: _____
(e.g. berth/terminal/jetty)
- 2.4 Name of company operating
the reception facility (if applicable): _____
- 2.5 Type of port operation:
- Unloading port Loading port Shipyard
- Other (specify) _____
- 2.6 Date of arrival: ___/___/___ (dd/mm/yyyy)
- 2.7 Date of occurrence: ___/___/___ (dd/mm/yyyy)
- 2.8 Date of departure: ___/___/___ (dd/mm/yyyy)

¹ This format was approved by MEPC 53.

² In accordance with the *IMO ship identification number scheme*, adopted by the Organization by Assembly resolution A.1078(28).

³ The name of the State whose flag the ship is entitled to fly.

3 INADEQUACY OF FACILITIES

3.1 Type and amount of waste for which the port reception facility was inadequate and nature of problems encountered

Type of waste	Amount for discharge (m ³)	Amount <u>not</u> accepted (m ³)	Problems encountered Indicate the problems encountered by using one or more of the following code letters, as appropriate. A No facility available B Undue delay C Use of facility technically not possible D Inconvenient location E Vessel had to shift berth involving delay/cost F Unreasonable charges for use of facilities G Other (please specify in paragraph 3.2)
MARPOL Annex I-related			
Type of oily waste:			
Oily bilge water			
Oily residues (sludge)			
Oily tank washings (slops)			
Dirty ballast water			
Scale and sludge from tank cleaning			
Other (please specify)			
MARPOL Annex II-related			
Category of NLS ⁴ residue/water mixture for discharge to facility from tank washings:			
Category X substance			
Category Y substance			
Category Z substance			
MARPOL Annex IV-related			
Sewage			
MARPOL Annex V-related			
Type of garbage:			
A. Plastics			
B. Food wastes			
C. Domestic wastes (e.g. paper products, rags, glass, metal, bottles, crockery, etc.)			
D. Cooking oil			
E. Incinerator ashes			
F. Operational wastes			
G. Cargo residues			
H. Animal carcass(es)			
I. Fishing gear			
MARPOL Annex VI-related			
Ozone-depleting substances and equipment containing such substances			
Exhaust gas-cleaning residues			

⁴ Indicate, in paragraph 3.2, the proper shipping name of the NLS involved and whether the substance is designated as "solidifying" or "high viscosity" as per MARPOL Annex II, regulation 1, paragraphs 15.1 and 17.1 respectively.

3.2 Additional information with regard to the problems identified in the above table.

3.3 Did you discuss these problems or report them to the port reception facility?

Yes No

If Yes, with whom (please specify)

If Yes, what was the response of the port reception facility to your concerns?

3.4 Did you give prior notification (in accordance with relevant port requirements) about the vessel's requirements for reception facilities?

Yes No Not applicable

If Yes, did you receive confirmation on the availability of reception facilities on arrival?

Yes No
